

**Dear Dr Manish Rathi,**

Greetings from The Department of Liver Transplantation & HPB surgery, PSG Hospitals, Coimbatore.

We are conducting a workshop on multi-organ procurement. The workshop “Organ Procurement and Transplantation Course – OPAT 2017” is targeted at young Surgeons interested in the field of liver and kidney transplantation. This live hands on workshop is being conducted on a porcine model. Delegates will get the chance to perform and assist two liver/kidney retrievals. A total of 10 delegates will be assigned to 5 tables. Each delegate will assist and be assisted by her/ his partner on succeeding days. Each table will be supervised by a fully trained transplant/organ retrieval surgeon with extensive experience. Additionally, interactive lecture and video sessions will educate the delegates on principles of organ procurement and preservation.

Organ Procurement and Transplantation Course – OPAT 2017 is officially endorsed by ISOT.

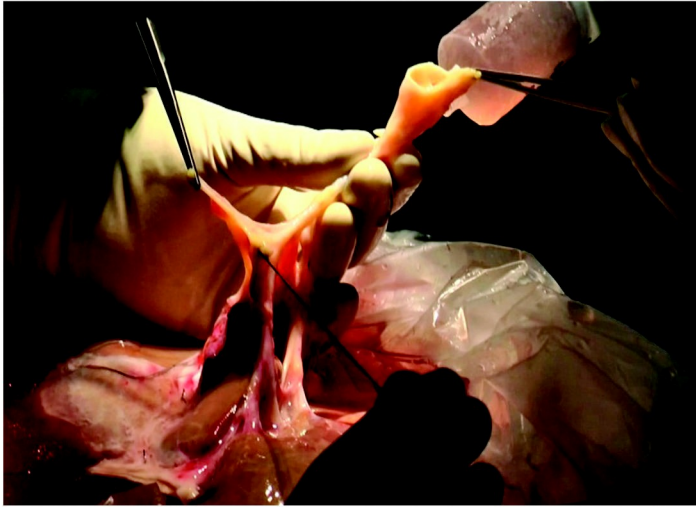

Thanking you,

Kind regards

Dr. S. Swaminathan, MS, MRCS(Edin), ASTS Transplant Fellowship (USA)
